

WELCOMES

YOU TO FESTIVAL OF WATERPROOFING

CONFERENCE AGENDA

Time Program Day 1: August 6th, 2026

IIWC&E 2026

INAUGURAL SESSION

Registration

08:30 – 09:30

09:30 – 09:45

Inviting Dignitaries
and Lighting of
the Lamp

09:45 – 10:00

Welcome the Delegates & Efforts of
WAI In Upgrading the Waterproofing
Industry and Future Plan of Work: By
President WAI- Sandeep Chaudhry

10:00 – 10:20

Address by Chief Guest: Sh. Durga
Shanker Mishra -Former Secretary
Ministry of Housing & Urban Affairs,
Govt. of India, Former Chief
Secretary of Uttar Pradesh

10:20 – 10:40

Keynote Address: AR. Verender
Wakhloo

10:40 – 10:50

International Partner Address: By
Chairman, China Building Waterproof
Association (CWA)

10:50 – 11:00

Vote of Thanks: By
Secretary, WAI

TECHNICAL SESSION - 1

Waterproofing / Protection
Of Sub Grade Structures

11:00 – 11:30

PANEL DISCUSSION with Asset Owners
(Builders, Developers, Government
Bodies, PSUs & Public Utility
Caretakers): Why good waterproofing
systems fail & where do projects break -
design, tendering, supervision or
workmanship? NAREDCO

11:30 – 12:00

Subject: Impact of Climate Realities in
Designing Fit for Purpose Waterproofing –
Importance of Risk Evaluation , Planning ,
Sequencing , Constructability &
Accountability.
Speaker: Mehul Parikh, Advisor – Pidilite &
Principal Consultant - EnvaDure

12:00 – 12:30

Subject: Right System Selection for
Waterproofing Complex Basements–
What Goes Where - Bottom Up, Top-
Down Construction, Confined and
Unconfined Walls.
Speaker: Sandeep Chaudhry , SNP
Technologies Pvt. Ltd

12:30 – 13:00

Subject: Solutions for Complex Detailing Situations in Basements – Learning from Case Studies.
Speaker: Sudish Subramanian – SIWIN Consultants Pvt Ltd.

13:00- 13.15

Subject : Technical Presentation on Hot air Welding solutions for Synthetic membranes
Speaker: Pankaj Kumar Singh, Leister Technologies India Pvt Ltd

13:15 – 13:30

Sponsor Presentation – TITLE PARTNER-AMCHEM

**LUNCH
BREAK**

13:30 – 14:30

TECHNICAL SESSION - 2

Waterproofing Of Water Holding Structure

14:30 – 15:00

PANEL DISCUSSION with Specifiers (PMCs/Architects/Structural Consultants/ Geotechnical Experts): Approach towards reliable waterproofing that caters to current climate extremes – Significance of Performance Specifications and how do they benefit all stakeholders.

15:00 – 15:30

Subject: Approach towards Successful waterproofing of Wet Areas, UG/OH Tanks, Swimming Pools, Fountains, Green Roofs and Landscaped Podiums in Buildings.
Speaker : Sunny Surlaker, Managing Director, Assess Build Chem Private Limited

15:30 – 16:00

Subject: Factors influencing System selection in Waterproofing of ETP, WWTP, STP, Desalination Plants & Water Holding Structures (ID/ND Cooling Towers, Clarifiers, Reservoirs, Canals, etc.) for Urban Planning and Industrial Utilities
Speaker: Anupam Shil, STP Limited (A Berger Group Company)

16:00 – 16:30

Subject: Technical Presentation on Scientific Approach to Remedial Waterproofing for Life Extension of Structures.
Speaker : Dr. P. Srinivasa Reddy, CEO, Rehab Technologies

TECHNICAL SESSION - 3

Waterproofing Of Above Ground Structures

**TEA
BREAK**

16:30 – 17:00

17:00 – 17:30

Subject: Surface Preparation: It all starts from here! Substrate preparation & detailing at penetrations, projections, overlapping and terminations
Speaker: Tushar Munshi – SCPAS & Training Head WAI.

**LIFETIME
ACHIEVEMENT
AWARD**

17:30 – 17:45

17:45 – 18:00

Subject: Waterproofing technologies – Getting it First time Right - Choice of materials, Selection of Tools, Scheduling of installation plan, Supervision of progress, Testing of completed & cured membrane.
Speaker: Bhooshan Dixit- Thermax Ltd.

18:00 – 18:20

Subject: Mechanized application of Water Based, Solvent Based and Solvent Free liquid membranes for large surface areas
Speaker: Nishaant Bhatt – Senior Account Manager CED Graco India Pvt Ltd.

18:20 – 18:40

Subject : World of Acrylic Technology & Future of Waterproofing
Speaker : J Srinivas Prasad – Managing Director, LA Greens Ltd.

18:40 – 19:00

FELICITATION OF SPONSORS

19:30

**NETWORKING
DINNER**

PROGRAM DAY 2

AUGUST 7TH, 2026

TEA & NETWORKING 09:00 – 10:00

10:00 – 10:30

NAREDCO HOSTED PANEL DISCUSSION PANEL DISCUSSION with Developers, Specifiers, Manufacturers and Specialist Contractors : How Right Specifications, Costing and Execution can deliver Seepage Free Structures?

TECHNICAL SESSION - 4

Waterproofing Of Insulated
Roofs / Energy Efficient
Facades /light Weight
Aggregates

10:30 – 11:00

Subject: Energy Efficient Buildings Through Over-Deck Thermal Insulation using Spray Polyurethane Foam
Speaker: Praveen Mahajan – Executive Member, Indian Polyurethane Association of India (IPUA).

11:00 – 11:30

Subject: Energy Efficient Buildings Through Over-Deck Thermal Insulation using Spray Polyurethane Foam.
Speaker: Praveen Mahajan – Executive Member, Indian Polyurethane Association of India (IPUA).

11:30 – 12:00

Subject: Energy Efficient Buildings Through Over-Deck Thermal Insulation using Spray Polyurethane Foam.
Speaker: Praveen Mahajan – Executive Member, Indian Polyurethane Association of India (IPUA).

12:00 – 12:30

Subject : Achieving an effective waterproofing solution for pre-cast structures.
Speaker: Ankur Shah, Bronco Buildwell Pvt Ltd

12:30 – 13:00

Subject: Integrated Building Envelope Systems with XPS: Waterproofing, Thermal Insulation & Aesthetics for Energy Efficient Buildings.
Speaker: Rakesh Jha – Supreme

13:00 – 13:20

Sponsor Presentation – GOLD Partner – Thermax Ltd

13:20 – 13:30

Sponsor Presentation – GOLD Partner – EcmaS,

13:30 – 14:30

LUNCH BREAK

TECHNICAL SESSION - 5

Injection Techniques
(Session – I)

14:30 – 15:00

PANEL DISCUSSION with Contractors (Main Contractors / Sub Contractors/Waterproofers): Injection failures: wrong chemistry or wrong diagnosis? – Learning from case studies.

15:00 – 15:30

Subject: PU / Epoxy / Cement Slurry injection chemistries – How to choose a Product as per the site conditions ?
Speaker: Kunjjaan Popat, Partner, Trifix Constructions LLP

15:30 – 16:00

Subject: Injection Technologies & Techniques for Tunnelling projects – Case study –Renovation of Varketili Subway Station in Tbilisi, Georgia.
Speaker: Er. Paulo Tsingos, Export Manager, F. Willich GmbH + Co. KG

TECHNICAL SESSION - 6

Upgraded Specification,
Digitalization &
Documentation

16:00 – 16:30

Subject : Beyond Price : Marketing
Value in Waterproofing Solutions
Speaker: Gagan Kapoor, Principal
Consultant, Go4 Growth Consulting.

16:30 – 17:00

Subject : Business Automation and AI
tools – Enhancing Bandwidth and
Efficiency Smartly.
Speaker : Kewal Kishan, Automate
Business.com

17:00 – 17:30

Subject: Can a Waterproofing
Contracting Business be
Successfully Scaled Up?
Speaker: Mehul Parikh, Advisor –
Pidilite & Principal Consultant -
EnvuDure.

17:30 – 18:00

Case Study – Winning Project
Award -1

18:00 – 18:15

Case Study – Winning Project
Award -2

18:15 – 18:30

CONCLUDING REMARKS AND END OF SEMINAR
